

Major Defense Equipment (MDE):

One hundred fourteen (114) Guided Multiple Launch Rocket System (GMLRS) Unitary High Explosive (HE) Tri-Mode Fuze (GMLRS-U) (M31) Rockets.

One hundred fourteen (114) Reduced Range Practice Rockets (RRPR).

Non-MDE: Also included is support equipment; publications and technical data; personnel training and equipment; systems integration support; U.S. Government and contractor engineering technical and logistics support services; and other related elements of logistics and program support.

(iv) Military Department: Army (JO-B-YAY).

(v) Prior Related Cases, if any: JO-B-WYB.

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached Annex.

(viii) Date Report Delivered to Congress: February 8, 2022.

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Jordan—Guided Multiple Launch Rocket Systems (GMLRS) Alternate Warhead (AW) Unitary Rocket Pods

The Government of Jordan has requested to buy one hundred fourteen (114) Guided Multiple Launch Rocket System (GMLRS) Unitary High Explosive (HE) Tri-Mode Fuze (GMLRS-U) (M31) Rockets; and one hundred fourteen (114) Reduced Range Practice Rockets (RRPR). Also included is support equipment; publications and technical data; personnel training and equipment; systems integration support; U.S. Government and contractor engineering technical and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$70 million.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that is an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Jordan's capability to meet current and future threats on its borders and provide greater security for its economic infrastructure. This sale will provide Jordan with a long-range precision artillery support capability that will significantly improve U.S.-Jordan interoperability and provide for the defense of vital installations. Jordan will have no difficulty absorbing these additional systems into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Missile and Fire Control, Dallas, TX. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will not require the assignment of any additional U.S. Government or contractor representatives to Jordan.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 21-46

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The Guided Multiple Launch Rocket System (GMLRS) is a solid propellant artillery rocket for the High Mobility Artillery Rocket System (HIMARS). GMLRS uses GPS-aided inertial guidance to accurately

and quickly deliver a single high-explosive blast fragmentation warhead to targets. The GMLRS has an operational range of 15-70km.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the Government of Jordan can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Jordan.

ARMS SALES NOTIFICATION

Mr. MENENDEZ, Madam President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. ROBERT MENENDEZ,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(5)(A) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 0L-21. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 09-53 of October 26, 2009.

Sincerely,

JAMES A. HURSCHE,
Director.

Enclosures.

TRANSMITTAL NO. 0L-21

Report of Enhancement or Upgrade of Sensitivity of Technology or Capability (Sec. 36(B)(5)(A), AECA)

(i) Purchaser: Government of Morocco.
(ii) Sec. 36(b)(1), AECA Transmittal No.: 09-53.

Date: October 26, 2009.
Military Department: Army.
Funding Source: National Funds.

(iii) Description: On October 26, 2009, Congress was notified by Congressional certification transmittal number 09-53 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of three CH-47D CHINOOK Helicopters with 6 (2 per helicopter) T55-GA-714A Turbine engines, 2 spare T-55-GA-714A Turbine engines, 4 AN/ARC-201E Single Channel Ground and Airborne Radio Systems (SINCGARS), mission equipment, communication and navigation equipment, ground support equipment, spare and repair parts, special tools and test equipment, technical data and publications, site survey, U.S. government and contractor technical and logistics personnel services, and other related elements of logistics support. The total estimated cost was \$134 million. Major Defense Equipment (MDE) constituted \$63 million of this total.

This transmittal reports the inclusion of one (1) additional T-55-GA-714A engine (spare) (MOE). The total value of the new MDE item is \$950,000. The total MDE value will remain \$63 million, and the total notified case value will remain \$134 million.

(iv) Significance: This notification is being provided to report the inclusion of an MDE item not previously notified. The proposed article and services will support Morocco's ongoing effort to sustain its current fleet of three (3) CH-47D aircraft, enabling their armed forces ability to maintain regional stability and security, as well as contribute to United States foreign policy and national security objectives.

(v) Justification: This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that continues to be an important force for political stability and economic progress in North Africa.

(vi) Sensitivity of Technology: The Sensitivity of Technology Statement contained in the original notification applies to items reported here. The highest level of classification of defense articles, components, and services included in this potential sale is UNCLASSIFIED.

(vii) Date Report Delivered to Congress: February 8, 2022.

ADDITIONAL STATEMENTS

TRIBUTE TO TAMI ROSSILLON

● Mr. MARSHALL, Madam President, I wish to honor a brave citizen of Topeka, KS, Tami Rossillon. This brave woman put herself in the face of danger to rescue not only a drowning dog, but the dog's owner as well.

In late January, Tami was taking a quick work call in her car near Lake Shawnee, when she saw a dog going near the edge to grab a drink. Suddenly, the dog fell through the ice, and shortly after, the owner dove right in to save her pet. Before Tami even saw the owner go into the water, she raced over to offer assistance. She initially tried breaking the ice to get through, but she couldn't puncture enough. With quick thinking, Tami then grabbed the dog leash from another person walking their dog nearby and, after a few attempts, was successfully able to throw the leash to the dog owner and pull her out of the water.

Once everyone was out, Tami's nurse instincts and training were able to ensure that the owner and dog stayed
